Nottingham Knockers Information

Who are they?

Nottingham Knockers are usually young men who go door to door, selling household products. They are dropped off early in the morning in a particular location by a large van and are then transported around that area throughout the day

Our advice

Whenever you get an unexpected knock on the door, please check to see who is on the other side of your door before opening it. Either look through a side window, look through a spy hole, or simply ask out loud who it is. If you do not know them, establish who they are and what they are there for before you open the door. Please remember if the cold caller sales are unsuccessful, they are unlikely to return in future.

If you do experience any verbal abuse and feel intimidated, please call 101 and tell us what was said, and a description of the person.
